

Tim Vandenabeele

IABE
Consulting Actuary

CURRENT POSITION

Tim Vandenabeele is a consulting actuary in the Brussels office of Milliman Benelux. He joined the firm in 2014.

Tim carries out consulting activities in the life insurance business in both Belgium and the Netherlands.

Before joining Milliman, Tim worked for two years at Assuralia, which is the umbrella association of Belgian, and other foreign insurance and reinsurance companies operating in Belgium.

EXPERIENCE

Tim has more than eight years of experience as a risk management and life actuary.

His work as a consultant involves Prophet and MG-Alfa model implementations and optimizations, model validations, solvency implementations and framework set ups, risk management, and mergers and acquisitions.

Tim is very familiar with the Solvency II framework. As an advisor of risk and finance at Assuralia, he was involved in several Solvency II discussions and has carefully monitored national and international developments in the regulations.

AFFILIATIONS

Tim is an active member of the Belgian Actuarial Association (IABE). Over the years, he has participated in working groups related to the development of Solvency II.
